TEL: 01654 761361

Pixel Foundry is situated 4 miles North of Machynlleth, on a Forestry Commission site in the village of Ceinws/Esgairgeiliog.

From Machynlleth:

Take the A487 towards Dolgellau. Ignore the turning to the Centre For Alternative Technology (approx 3 miles from Mach). Carry on the A487 for another mile. Take the turning right, signed 'Ceinws/Esgairgeiliog'. Follow the road round to the right. After about a hundred yards, you will see the Forestry Commission site. We are in the building on the left as you enter the site. There is currently no signage to give you any clues, however we are the only building on the site with a wheelchair access ramp.

From the North:

Take the A487 from Dolgellau towards Machynlleth. After the village of Corris, you pass the 'Dulas Valley' pub on your right. Take the next available road on your left (a few hundred yards from the Dulas Valley). Follow the road round to the right. After about a hundred yards, you will see the Forestry Commission site. We are in the building on the left as you enter the site. There is currently no signage to give you any clues, however we are the only building on the site with a wheelchair access ramp.
